Kites Class

Autumn Term 2026

English

This term, we will be focusing on sentence structure and ensuring we are correctly using punctuation. Our primary punctuation focus will be correctly using commas after fronted adverbials and around subordinate clauses. Our work will be based on the story of Holes and we will be working towards writing our own version of the ending.

Maths

This term we will be learning about:

- Place Value
- Addition and subtraction
- Multiplication and division
- Fractions
- Converting units (Yr 6 only)

RE

Our learning this term will focus on these questions:

Why is the gospel such good news for Christians?

How did Buddha teach his followers to find enlightenment?

History

This term, we will be travelling through time to see how crime and punishment has changed. We will be covering:

- Roman Britain
- Anglo Saxon Britain
- Tudor Britain
- Pendle Witch Trials
- Victorian Britain
- Modern Day Britain

Art/DT

In DT this term, we will be designing, building and evaluating a steady hand game.

In art, we will be studying fashion design

Music

The children will be working towards performing a piece of jazz music

French

We will be learning how to talk about our classroom and celebrations

Science

This term, we will be learning how light travels, exploring electricity and investigating the functions of different parts of the body.

PSHE

Before half term, we will be thinking about how to have successful and supportive friendships. After half term, we will be exploring stereotypes and the importance of being you!

Geography

This term, we will be learning about the Lake District. We will look at how the land has been formed over time to give such a varied environment. We will also be exploring the range of uses of National Parks and how they are protected environments.

PE

Tuesdays – gymnastics and netball

Wednesdays – multi skills and football
