Hockey with Coach Luke (*every Wednesday*)

Tennis with Mrs Mills (*every Tuesday after Feb half term*)

Let's Explore Our Wonderful World

Owls Class

Spring term 2022

Science

Animals, including humans:

- construct and interpret a variety of food chains identifying producers, predators and prey

Living things and their habitats:

- recognise living things can be grouped in a variety of ways.
- describe the differences in the life cycles of a mammal, an amphibian, an insect and a bird
- explore and use classification keys to help group, identify and name a variety of living things in their local and wider environment.
- describe the life process of reproduction in some plants and animals.
- recognise that environments can change and that this can pose dangers to living things.

English

Non-fiction writing based on the work/life of American artist Frida Kahlo.

Geography

Using maps, atlases, globes and digital resources to locate countries of the world including key physical and human characteristics and major cities.

Name and locate key topographical features (hills, mountains, coasts, rivers) and land-use patterns.

Identify the position and significance of latitude, longitude, equator, northern/southern hemisphere, the Tropics of Cancer and Capricorn, Arctic/Antarctic circles and time zones across the globe.

Understand geographical similarities and differences between UK and other countries.

Use the eight points of a compass, four and six-figure grid references, symbols and key (including the use of Ordnance Survey maps) to build knowledge of the United Kingdom and the wider world.
