

Kites Class

Wednesday 30th April 2025

Dear Parents,

I hope you all had a wonderful Easter break! This is the most packed term of the year so I hope the children had a chance to relax!

This term, we will be learning about human evolution in science and for most of our English work. We will also be building our geography skills through studying The Alps. Please see our topic map for further information.

We are reaching the point of the year where Mrs CC gets nervous about the number of children achieving the 250 nights reading challenge. I am pleased to see many Kites are on their way to a free book! Although the children are much more confident readers now, please do also keep listening to them read and even reading to them to ensure they are understanding what they are reading and to build comprehension skills.

PE will be continue to be on Tuesdays (Mrs Mills) and Wednesdays (Coach Luke). As PE should be outdoors, please ensure the children are wearing clothing appropriate for colder/changeable weather.

Please could I ask that all children have a named water bottle in class with them every day.

We are now just two weeks away from the SATs which begin on 12th May. The children have been working so hard in the run up to these and I am so proud of the determination they have shown. During SATs week, the Year 5s will be going in with Owls when the tests are taking place.

Kites will be having Forest School on Friday afternoons starting after half term.

We have several trips taking place this term and so please keep an eye out for the many letters coming your way!

Rehearsals for the much-anticipated summer play will begin after half term! We will be sending home scripts so that children can begin to learn their lines over the break.

Please do not hesitate to contact me with any questions that you may have.

Rosie Miles
