Robins: Rose and Millie
Doves: Leonidas and Finley
Owls: Millie and Arthur
Kites: Belle and Leo

Thank you to all those who have come to the Parent Teacher meetings this week. It is always good to see so many of you and we hope that you found the meetings informative. I am very grateful to the staff team for working late on the two evenings to ensure we can meet with you.

It has been a busy week for our older children as they have had a few visits out. On Monday our Sports' Ambassadors went to Gillingham to undertake their training. I know that they had a great day doing this and we look forward to seeing their impact on the school over the year. Thank you to Mrs Marshall for accompanying them. On Tuesday year 6 went to Clayesmore to take part in a singing workshop day. I know that some of you were able to go and watch this and even those who are less enthusiastic singers had a good day. Again, thank you to Mrs Marshall for taking the children and Clayesmore for the invite and the transport. Then on Wednesday Miss Short and Mrs Crossman accompanied our footballers to Shaftesbury where they took part in a tournament. They came fifth overall and had a great afternoon.

Throughout the rest of the school there has been lots of hard work, Wrens really enjoyed doing the Curly Wurly challenge in science this week. They had to see how far they could stretch a Curly Wurly without it breaking! The winner was William, well done! Robins have been investigating waterproof materials. Doves had a visit from Mrs Brickell to take part in a Magic Lantern workshop. These are always a valuable supplement to what the children are learning and we are very grateful for her time. Owls continue looking at the viscosity of liquids and Kites have been busy learning about The Battle of Britain.

We look ahead to next week where Owls and Kites have a themed day at school to do with their topics. We also look forward to welcoming you to church if you can make it for our Harvest Festival. Have a lovely weekend.
